Go-Line Marking Systems

A division of Dura Paints

A Market Leader in Marking Liquids and Machines

Go-Line 30 Machine

INTRODUCTION

Go-Line Marking Systems are the efficient cost effective way to mark out lines on fields for all types of sports, including athletics tracks. **Go-Line 30 Marking Machines** are revolutionising the line marking industry. Hundreds of these machines have been sold over the years. The machines are transportable, robust and easy to use.

FEATURES

- Manufactured in South Africa, by South Africans, for African conditions.
- Manufactured to ISO 9001-2015 standards.
- Charger: Heavy duty 12v 5AMP AC adaptor.
- Battery: 12v 18AH for extended marking. Approximately 8 hours.
- 28L Marking liquid tank.
- 1.75L Wash tank. (Go-Line only)
- Front marking unit as standard. (Go-Line only)
- Heavy duty pneumatic tyres.
- Very low maintenance cost.
- One year guarantee on all machines (T&C's apply).
- Full range of parts and service available.
- **Optional:** Side Marker Extension - allows line marking from either side of the machine.

Athletics Marker

INTRODUCTION

The **Athletics Marker** can mark 3 parallel lines at the same time. i.e 2 lanes. Easily fitted attachment with 3 x 2" adjustable spray nozzles, and two pneumatic wheels for balance. Fits **Go-Line 30 Marking Machine** as an optional extra. Full range of parts and service available.

BATTERY CARE (To maximise battery life)

- Battery must be fully charged before use.
- Do not allow battery to run completely flat.
- Recharge battery overnight after use.

Go-Spray Machine

INTRODUCTION

The **Go-Spray** is a battery powered spraying machine used for the application of liquid pesticides or fertilisers. It is supplied with a Wet Spray Boom 1,05m wide and fitted with 3 x 2" spray nozzles.

The **Go-Spray Machine** is perfect for Bowling Greens and Golf Courses. 1 Year guarantee. Full range of parts and service available.
