FORMULATION**

# **NEW AND IMPROVED RANGE OF SEALANTS, FILLERS AND ADHESIVES**

**WATER BASED • PAINTABLE • LOW ODOUR  
GREAT VALUE (310ML) • EASY TO USE**

## **CRACK DOCTOR "PROFILL IN A TUBE"**

### **DESCRIPTION:**

- Crack Doctor is an easy to use, multi-purpose, low odour, ready mixed, bonded interior and exterior filler that sticks and stays.
- Crack Doctor is used for filling and repairing holes, cracks and blemishes on floors, walls, ceilings, dented metal frames, small concrete floor defects, damaged window putty, damaged grout, roofs and tiles.
- Crack Doctor is suitable for filling and repairing most materials such as brick, plaster, cement, wood and fiberboards.
- Crack Doctor sands to a smooth finish.
- Crack Doctor UV stable, weather resistant, solvent free and is paintable once dry.

**COLOUR:** White

**SIZE:** 310ml

**CURING TIME:** ± 24 hours

## **EASY SEAL UNIVERSAL SEALANT**

### **DESCRIPTION:**

- Easy Seal is a water based, low odour, lead free, UV stable, mould resistant universal caulking and sealing compound.
- Easy Seal is ideal for sealing gaps, cracks and joints in most construction materials.
- Easy Seal dries into a water resistant, flexible finish with excellent adhesion properties.
- Easy Seal is a uniquely formulated, easy to use, versatile, all-in-one acrylic sealant for interior and exterior use.
- Once dry, Easy Seal may be painted.
- Not suitable for mirrors and fish tanks.

**COLOUR:** White, Crystal Clear, Black, Grey, Bronze Brown

**SIZE:** 310ml

**CURING TIME:** ± 24 hours

## PAINT & SEAL ACRYLIC SEALANT

### DESCRIPTION:

- Paint & Seal is a water-based, lead free, low odour, flexible sealant used for caulking, grouting, jointing and embedding in the DIY and building industry.
- Paint & Seal is easy to apply and is compatible with most material used in construction e.g. brick, concrete, glass, metal, wood and polystyrene.
- Paint & Seal resists cracking and is suitable for interior and exterior use.
- Paint & Seal is a flexible sealant used before painting for sealing around window frames, doors, timber cupboards, boarding, cornices and ceilings.
- Paint & Seal may also be used as an adhesive and sealant to embed cornices.
- Once dry, Paint & Seal may be painted.
- Not suitable for mirrors and fish tanks.

**COLOUR:** White  
**SIZE:** 310ml  
**CURING TIME:** ± 24 hours

## TUB & SHOWER ACRYLIC SEALANT

### DESCRIPTION:

- Tub & Shower is a specially formulated high quality, flexible, water-based, low odour, waterproof, and mildew resistant sealant.
- Tub & Shower is particularly suitable for sanitary-ware applications and in areas of high humidity.
- Tub & Shower is easy to apply and can be used around baths, tubs, basins, showers, shower doors, granite joints, kitchen tops, sinks, toilets, porcelain and metal fixtures, fiberglass tiles, glass and similar areas.
- Tub & Shower resists cracking, crumbling and shrinkage and is suitable for interior and exterior use.
- Tub & Shower exhibits excellent adhesion to many non-porous materials and can be applied to vertical surfaces.
- Once dry, Tub & Shower may be painted.
- Not suitable for mirrors and fish tanks.

**COLOUR:** White, Crystal Clear  
**SIZE:** 310ml  
**CURING TIME:** ± 24 hours

## MULTI BOND CONSTRUCTION ADHESIVE

### DESCRIPTION:

- Multi Bond is a high strength, low odour, versatile, water based, multi-purpose adhesive which reduces the need for mechanical fasteners such as nails and screws.
- Multi Bond is an easy to use, multi-purpose adhesive used to mount partitioning, timber boards, ceilings, cornices, skirting boards, timber decks, decorative mouldings, bathroom fixtures and metal objects to timber and concrete.
- Multi Bond adheres to plywood, polystyrene, polyurethane, foam board, plaster board, most ceramics, wall plaster and numerous other construction materials.
- Multi Bond is ideal for all new building, home décor, maintenance and wood work.
- Multi Bond is formulated to resist sagging and slumping and forms an effective long lasting seal that bridges gaps between materials.
- Multi Bond is suitable for interior and exterior applications.
- Not suitable for fixing mirrors or for use in fish tanks.
- Not recommended for permanent water immersion or use in wet areas.
- Requires at least one porous surface.

**COLOUR:** Semi Clear  
**SIZE:** 310ml  
**CURING TIME:** ± 24 hours
